

## SWeNT Expands Customer Support Team

As SWeNT gears up to dramatically increase single-wall carbon nanotube production to an estimated 1,000 grams per day later this year, it also has put into place an experienced and talented sales and customer support team.

**Richard Jansen** has joined SWeNT as vice president for sales and marketing. Rick has more than 30 years experience in sales, marketing and new business development for specialty materials.

“Rick Jansen is a proven performer in integrating sales and marketing strategies to achieve competitive dominance,” says SWeNT CEO Dave Arthur. “His expertise will help us accelerate sales growth, build customer relationships and further improve customer satisfaction.”

“SWeNT has made extraordinary progress over the past year and is now positioned with the products and people for great commercial success,” adds Rick. “I’m excited about the company’s future and look forward to helping achieve our goals.”

Rick previously held executive positions with Taconic, Eikos Inc., Rogers Corp. He holds a bachelor’s degree in electrical engineering from the University of Connecticut. Contact Rick at [rjansen@swentnano.com](mailto:rjansen@swentnano.com).

**Philip Wallis Ph.D.** is SWeNT’s technical support manager. Philip has more than 30 years experience in research and development, operations, and general management. He has been involved with product development related to carbon nanotubes for the past five years. For technical assistance, contact Philip at [pwallis@swentnano.com](mailto:pwallis@swentnano.com).

**Debra Levy Martinelli**, the company’s director of marketing and corporate communications, brings to the SWeNT team more than 20 years experience in marketing, public relations and journalism. To place an order or for other customer relationship matters, contact Debra at [dlmartinelli@swentnano.com](mailto:dlmartinelli@swentnano.com).

**Wanda Gress** is SWeNT’s executive assistant and office manager as well as corporate secretary. She came to SWeNT from the University of Oklahoma, where she worked for more than three decades in a variety of administrative offices. Contact Wanda at [wgress@swentnano.com](mailto:wgress@swentnano.com).

**Kathy Smith** has joined SWeNT as administrative assistant. She has 15 years experience in all aspects of office management and administration, including customer relations and human resources. Contact Kathy at [ksmith@swentnano.com](mailto:ksmith@swentnano.com).

## SWeNT Research Team Awarded Ninth Patent

SWeNT’s research team, based at the University of Oklahoma and led by SWeNT founder and chief scientist Daniel Resasco, has been awarded its ninth patent. “Carbon Nanotube Pastes and Methods of Use,” U.S. Patent No. 7,279,247, was issued Oct. 9, 2007.
